- Width: 500 x 500 mm
- Base depth: 400 mm
- Fiberglass: 440 eur

MOLDS ON REQUEST

PC VIVAT LLC provide a complete polyurethane mold production cycle, which includes developing drawings for your project, creating a master model, and producing the final mold.

WARRANTY AND ASSISTANCE

We provide assistance with any technical questions throughout the lifespan of the mold.

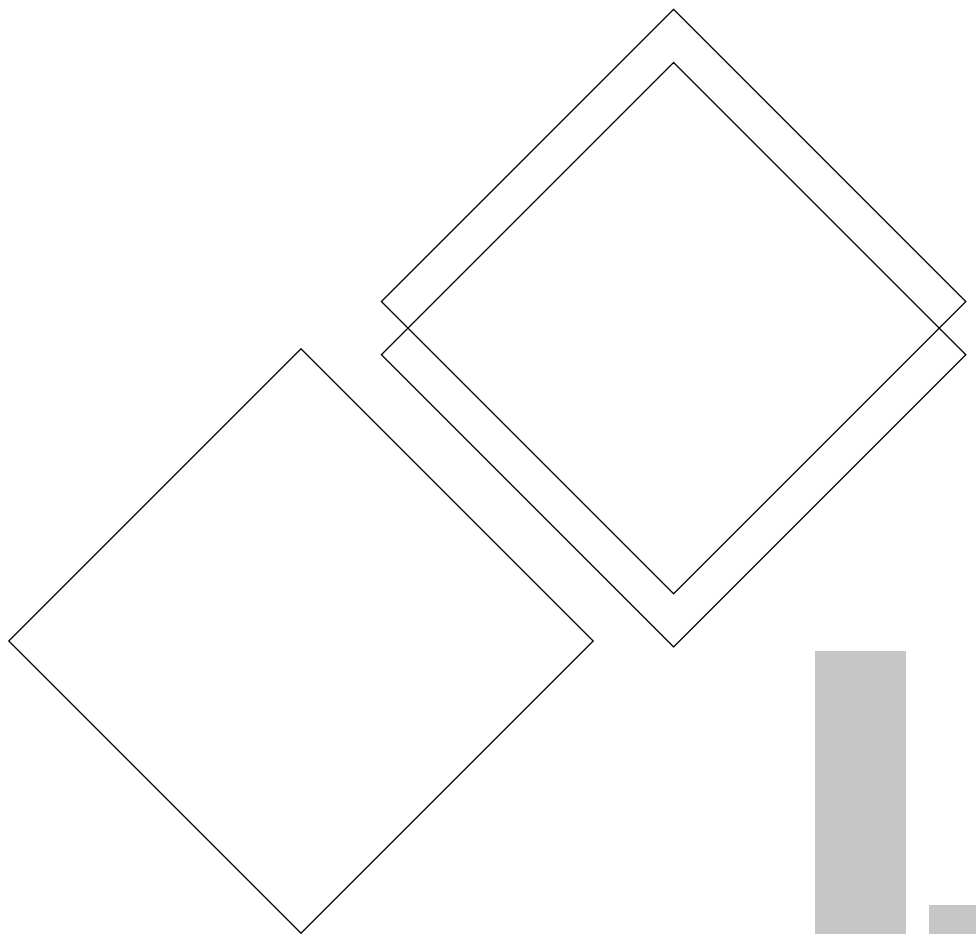

WHY FIBERGLASS ?

1. High strength
2. Lighter than metal several times
3. Corrosion resistant
4. Plastic in manufacturing and repair
5. Choice and variety

The high quality of materials used allows us to obtain extremely durable and flexible molds designed to last for a long time to the best quality criteria.

Molds are designed for a long service life, while the quality of the products remains unchanged. This will provide you with less impact on the final cost of the product and the continuity of production.

Ukraine, 61051, Kharkiv, street Bukova, 36
